01 Introduction

Dear reader,

Thank you for your interest in Baca Villa Productions Co., Ltd. We are pleased to inform you about our company and its products. Baca Villa was founded in 2005 by the Dutch entrepreneur Jan Camp. It started as a guesthouse, located in Siem Reap, Cambodia. Things were changing in 2010, when Baca Villa started to experiment with growing Moringa. Nowadays we manage the entire production chain from the cultivation of the raw materials to the packaging of the finished Organic Moringa products. Baca Villa is working according to European standards and HACCP. This way we are able to guarantee safe and high quality Moringa products. Baca Villa is Organic certified by COrAA, and by Eco-Cert for EUR and NOP (US and Canada) under number KH-BIO-154.

Our Moringa oleifera is one of nature's most nutritious foods. It is rich in important vitamins, minerals, amino acids and antioxidants. Moringa could be considered as one of the potential food that can contribute to the eliminate malnutrition and increase the welfare of third world countries. Thanks to its exceptional nutrient composition it can be used to fight and prevent many diseases. It is with good reason Moringa oleifera is often referred to as the "Miracle tree".

In July 2015, Baca Villa Productions expanded their product line with Spirulina, a micro-algae that is full of nutrients. It is 100% natural and grown in Cambodia. Spirulina connects with our mission: providing the Cambodian and international market with excellent health and beauty products.

With kind regards,

Team Baca Villa

Team Baca Villa

Moringa Oleifera is a miraculous tree.

**It's the most nutritious tree ever discovered on earth. Rich in very important :
vitamins, minerals and amino acids.**

Compare Moringa to other types of nourishment and see the advantage...

Besides its amazing nutrient value, Moringa holds many antioxidants, antibacterials, antimicrobials, antitoxins and antimycotics. That is why Moringa has a variety of uses including medicinal.

Moringa is an excellent natural organic source of necessary nutrients and energy.

Baca Villa Organic Certified Moringa Farming and Manufacturing.
We are a self-supporting social enterprise.

– No food color used- No fragrance- No AS or LAS mineral oil- No additive.

Moringa Seed Oil

Natural | 10 ml & 30 ml

Moringa Seed Oil contains 1,700 antioxidants and vitamins A,B,C,E.

Moringa oil is among the most wanted oils to produce skin care products and cosmetics, because of its various antioxidants and skin rejuvenating qualities. These antioxidants do wonders for aging and skins lacking nutrients.

HOW TO USE

Put a few drops in your hands. Rub them together and pat onto your face, neck, hair.

Smooth the oil under your eyes and over wrinkles for intense moisture and to reduce appearance of fine lines. For spot treatment on minor skin complaints, use a more concentrated amount on the problem area.

07 Moringa oil

Dried ORGANIC Moringa Leaves

The Moringa tea is an excellent energy drink. The tea is loaded with antioxidants and vitamins that will help clear your mind and boost energy levels. Dried Moringa leaf tea creates a refreshing and nutritious energy boost you will come to appreciate.

Moringa Tea – An Antioxidant-Rich Energy Booster

All our products are also available in bulk

**Spirulina is a nutrient-rich micro algae that contains more than 65% protein.
This is more than any other food including meat and fish.**

Moringa-Spirulina tablets contain 29,3% more proteins than Moringa tablets. Moringa-Spirulina tablets are rich in Vitamin B12. Spirulina is the only vegetable source of Vitamin B12 and is therefore excellent for vegetarians and vegans.

Benefits of Spirulina:

Spirulina has a unique combination of phytonutrients which detoxify the body.

Spirulina is excellent for vegetarians and vegans because it is the only vegetable source that contains vitamin B12.
